

## DPRG RBNV Chat Record - June 4, 2024

00:05:03.593,00:05:06.593

Pat Caron: Ray - Gave an update on his 6 can robot. It uses a parabolic reflector from an old flashlight.

00:08:37.096,00:08:40.096

Pat Caron: He also showed his old 6 can robot that used 2 x Pololu PWM distance sensors.

00:17:57.756,00:18:00.756

Pat Caron: Harold - Gave an update on his stream. He will update Jim-bot with some new skills. He is looking at rebuilding the base so he can mount bigger motors and get better control.

00:19:48.923,00:19:51.923

Pat Caron: Harold discussed adding a point for turning on the Quick Trip contest.

00:21:50.830,00:21:53.830

Ponder SomeMore: Harold is referring to a Mecanum primer i shared with him from here:
