

DPRG RBNV Chat Record – October 29, 2024

00:00:39.795,00:00:42.795

Jim F - CalgaryAB: @Tom any RP2040 RP2350 pio projects you working on ? Any suggestions for pio tutorials ?

00:10:52.461,00:10:55.461

ed mart: Would req. Spinning on a lazy susan ?

00:13:40.355,00:13:43.355

Pat Caron: Ray - reviewed his calibration of the BNO055 on his 2 robots. He is using the magnetometer, accelerometer & gyro. He is using auto calibration. He removes the BNO when he does a calibration while it is very close to the robot while the robot motors are moving.

00:27:18.757,00:27:21.757

Pat Caron: Ray also showed his bumper modifications.

00:36:15.629,00:36:18.629

ed mart: Will the horse apples location be released along with the cone location

01:17:18.200,01:17:21.200

Pat Caron: John K. showed a Halloween animatronic ghost that triggers when a person is detected

01:23:12.353,01:23:15.353

Pat Caron: He showed a robot on a 3D printer site of a spider using micro servos.

01:47:39.704,01:47:42.704

Pat Caron: Tom mentioned a recent conference he attended on robotics in medicine. He described products for robotic surgery and autonomous robotic surgery.
